

HEAD'S BLOG...

We have finally received some clarification about the way forward out of lockdown restrictions! We are well aware there will be some mixed feelings but also want to get back to as normal as possible.

The DfE guidance states in reference to bubbles, 'If your school is still open at Step 4, you may wish to continue with these measures until the end of your summer term.' With the number of cases higher than previously experienced in our local area and with a number of classes having been affected, we will be taking a very cautious approach towards the end of this term and little will change, including our bubble structure.

Thank you again for all your support with these procedures, especially if you have been affected by bubble closures. We know it's not easy!

Updated information about what parents need to know about schools' guidance can be found here: [Step 4 update - what parents and carers need to know about early years providers, schools and colleges - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/step-4-update-what-parents-and-carers-need-to-know-about-early-years-providers-schools-and-colleges)

Today you will receive a letter to confirm your child's next class and teacher as well as a child-friendly information sheet. Please share this with your child and reassure them that, although they may be apprehensive about moving onto a new class, change is good and all adults at BB will look after them! Our class structure for 2021-22 can be found later in this newsletter if you need to remind yourself.

Have a lovely weekend, everyone! (Come on England!!!)

Ms Carmichael

Coronavirus reminders If your child develops any symptoms of Coronavirus (persistent cough, high temperature or loss of taste / smell), s/he MUST NOT come to school and school must be informed. Call 119 or get a test online at:

<https://self-referral.test-for-coronavirus.service.gov.uk/antigen/name>

If you believe that your child is well enough to attend school and they have only symptoms of a 'common cold' such as: runny nose, sore throat or a mild cough they are permitted to attend.

Did you know anyone with a family member attending school can test themselves twice every week?

The twice-weekly test kits can be accessed:

via employers if they offer testing to employees, at a local test site, by collecting a home test kit from a test site, by ordering a home test kit online on this link: <https://www.gov.uk/order-coronavirus-rapid-lateral-flow-tests>

NB: All absences must be reported to our school office by calling 01726 64322. You can leave a message if outside of office hours. Please DO NOT report absences via Class Dojo. Thank you.

READING

Our Reading Ambassadors had a lovely time on Tuesday morning, judging some of the new non-fiction books that we have recently purchased and awarding them our Bishop Bronescombe Book Awards.

The Year 6 Reading Ambassadors had three categories on which to judge their book selection:

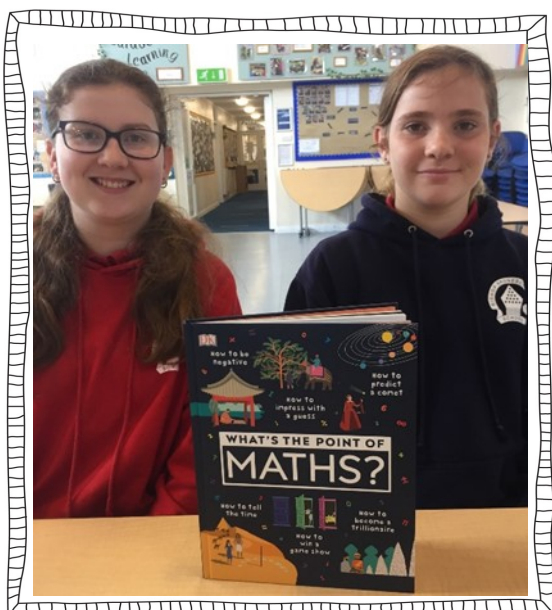

- Most educational
- Most engaging title
- Most appropriate for Upper Key Stage 2

Here are the results:

Most educational. (The choice was so difficult, a first, second and third choice was made!)

CORNWALL PLASTIC POLLUTION COALITION

A few weeks ago, Delia from the Cornwall Plastic Pollution Coalition led a webinar teaching the children about the importance of being a Wild Tribe Hero and taking on the important role of reducing single-use plastic. This week, children in Key Stage One were inspired by what they had learnt and were challenged to write an instructional text to Delia to share how to do a mini beach clean safely.

With a focus on writing for a purpose, Delia received the children's great written outcomes and responded with a really positive video praising their efforts and passion for making a difference to our environments, the ocean and marine wildlife.

EXCITING NEWS

We are all incredibly proud of Amber Clark, in Hope Class, for bravely having her hair cut in aid of helping children suffering from hair loss. What a truly selfless thing to do Amber, you should be so proud of yourself and I know how grateful The Princess Trust will be as well.

Miss Mewton

After completing her 3 'Power, Plastic and Plants' pledges, Tegen is now the proud owner of her very own Green Blue Peter badge and is a Blue Peter Climate Hero!

To complete the pledges, Tegen helped sort the recycling, ensured all electrical devices were turned off when not in use made a huge effort to save water for her plants.

Go Tegen!! 💚

ONLINE SAFETY—this week from our PSA

With the increasing need for time on computers and devices, have you ever had any worries about 'what your children get up to online?' Do you notice that your kids might claim that they know others are allowed something you deem to be inappropriate. Perhaps you wonder about what is age-appropriate and need to know more about what should be a cause for concern.

Your Child Online 6-8 yrs

Using this Guide

The Guide is a practical way to help you have conversations with your child about what they get up to online, and whether to be concerned about anything they're doing.

Over at Headstart Kernow you can download the relevant advice for the age range of your child/ren (some households will need to consider more than one age range and the logistical issues this can present).

Follow the link below to access advice and guidance for children 0-5 right up to 16-18yrs.
