

## Book of the Week

### Zog

Here is a story film version:  
<https://www.bbc.co.uk/iplayer/episode/b0bw8y/zog>

**Rainbows and Stars**  
**Home Learning Activities**  
**Summer Term – Week 10**  
Remember to send updates  
and photos through  
Tapestry or Class Dojo ☺

### Weekly Activities

- Dragon School Rules! Dragons don't have the same lessons as children. Have you ever had a lesson in how to catch a Princess? This might be that they have different rules. Zog studies for years at Dragon School. Learning to roar, breathe fire and to fly. What school rules do you think dragons will have? They might be a bit different to the school rules you are used to! Can you come up with 10 rules for dragon school?
- Freeze your own dragon eggs by filling up a balloon with water and putting it into the freezer. You may want to add glitter or perhaps natural objects to add textures onto the egg! Can you write a prediction of what you think might happen?
- When we visit the Wild Space at school and make fires in our fire circle, the children know we use dragon snot to light the fire. Miss Oliver and Miss Burr are running low on dragon snot! Can you help us by writing where you think the best place to search for a dragon might be? Perhaps you could make a WANTED poster to help spread the word!

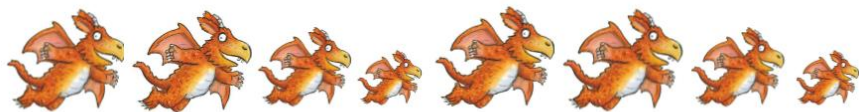

#### Dragon dance

3 head shakes  
3 big kicks  
2 arm flaps  
2 turns  
3 strides  
1 small roar  
2 side steps right  
2 side steps left  
2 big roars!

### Weekly Maths Activities

- Rainbow patterns. Rainbows have a special 7 pattern. We have been drawing a lot of these lately. Some people have a rhyme to remember the colours of the rainbow! Red, Orange, Yellow, Green, Blue, Indigo, Violet. They say it is a boy's name! ROY G BIV Can you create your own rainbow and give it a name? Remember you have to pick 7 colours but they don't have to be the same! Have a think! What name will you give your rainbow? Remember it is the first letter of each colour. Do you like mine? Blue, orange, red, purple, pink, avocado, turquoise. BOP PAT! There are lots of different colour names. Can you find some unusual ones
- Look at more complex patterns below with not just colour but size. Can you spot the pattern and describe it?
- Zog is a star! Zog earns a star for catching princesses. Can you help add stars to his star chart (10s frame) with the problems below? Can you record each one as a number calculation?
- Dragon Races - The dragons have many lessons. Flying is one of them. Can you count how many dragons there are, which dragons have gone and how many are left? Can you record this as a number calculation?
- For the festival of Chinese New Year people dress up as dragons to perform and ward off evil spirits! Design your own dragon and dance. The dragon dance is often performed during Chinese New Year. Chinese dragons are believed to bring good luck to people, therefore the longer the dragon is in the dance, the more luck it will bring to the community. How long will your dance last? Could you make a special dragon mask to wear when doing your dance? You could do a special Zog version! Plan your moves! The dances are very spectacular! Have a look on the internet! See if you can do 20 moves.
- A little secret! Hidden in the book is a secret Gruffalo! You know what he looks like! See if you can find him using your super observations skills. Tell your grown up where he is using your positional language.
- Flying practice Zog makes various attempts to fly and always remembers to practise just like his teacher tells him to. It's time to be dragons! Can you time your flights?

First spot the pattern. Can you describe it?

Talking Together

Talking Together

The dragons are practising  
their flying.

First there were ? dragons.

2 flew away.

How many now?

Tell us the story.

Talking Together

The dragons are practising  
their flying.

First there were ? dragons.

3 flew away.

How many now?

Tell us the story.

Talking Together

The dragons are practising  
their flying.

First there were ? dragons.

4 flew away.

How many now?

Tell us the story.

## Talking Together

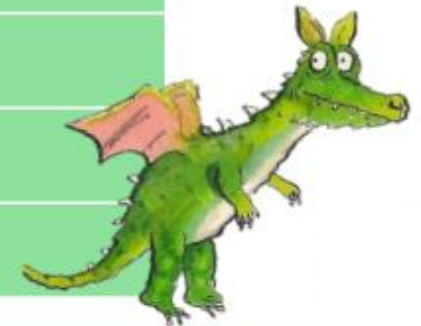

Set out your flight plan! Get timing!

Dragon Flight Plan

<u>Flight</u>	<u>Time taken</u>
Around the room	
Around the downstairs	
Around the upstairs	
Around the house	
Around the garden	
Around the park
